

Accreditation at Omega

Omega believes in accreditation.

Omega realizes the value of AdvancED.

AdvancED is the world's largest education community, engaging 32,000 public and private schools, 4 million educators, and 20 million students across the United States and 70 other countries worldwide. Most colleges and universities will accept only students who have graduated from AdvancED accredited schools. The AdvancED organization seeks to help schools in every state in the country improve student success by holding them accountable to a stringent set of educational standards.

Omega is accredited by AdvancED.

AdvancED only offers district-wide accreditation to systems meeting the highest levels of educational quality. Omega Learning® is one of a select number of school systems in the nation to have received this designation from AdvancED. Omega Learning® centers are committed to complying with all AdvancED evaluation standards that ensure educational quality.

Omega is accredited nationwide.

AdvancED is dedicated to advancing excellence in education worldwide. Regional AdvancED accreditation divisions in the United States include the North Central Association Commission on Accreditation and School Improvement (NCA CASI), Northwest Accreditation Commission (NWAC), and the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS CASI).

Omega is committed to maintain our accreditation.

Every five years, accredited schools are re-evaluated by AdvancED representatives to ensure that they continue to provide the consistent standards of educational quality. Omega will continue to uphold and improve the highest standards in order to maintain our valuable accreditation, the integrity of our franchise system, and the trust of our customers.
