Customized Teacher Support

Your Online Academic Plan is customized in your private advisement conference based on your student's individual needs, as well as your family's long- and short-term goals. Become a part of our exclusive, competency-based learning environment and achieve academic success *your way!* An Omega Learning® certified teacher monitors your Online course progress and grades all quizzes and tests. Omega teachers can also take into consideration your student's IEP accommodations, if applicable.

*All conferences are available via Internet, phone, or at Omega Learning® Center.

†If requesting customized accommodations for a learning disability, your student's IEP must be provided with course registration.
